

Mechanical Fitter - Fixed Plant

Köppern Machinery Australia is a fully-owned subsidiary of Maschinenfabrik Köppern GmbH & Co. KG, Hattingen, Germany. Located in Australia's centre of mining activities near Perth (Western Australia), we offer a full range of roller press solutions for applications in the high-pressure comminution of ores and minerals, as well as for the agglomeration of various materials. Our territory covers Australia, New Zealand and also extends further afield to the Asian continent.

Koeppern Machinery Australia is seeking a Mechanical Fitter for repairs and maintenance to the fixed plant and site infrastructure in Malaga (WA) and various remote mine sites.

Key Responsibilities:

- Working in Malaga workshop as well as occasional short term engagements on mine sites
- Performing repairs and maintenance and repairs to machinery
- Providing high level diagnostics and fault finding on fixed plant and infrastructure equipment (e.g. roller presses and other mining equipment)
- Attending to and diagnostics of breakdowns
- Scheduled maintenance, installations and updates
- Fault finding and repairing diverse hydraulic systems
- Manufacturing of various parts at Malaga workshop
- Operation of overhead cranes, lathe, furnace and other workshop equipment
- Raise detailed work requests for defects to promote effective planning activities
- Develop quality and accurate Job Hazard Analysis (JHA) for relevant activities
- Maintaining a high standard of housekeeping, workspace organisation and waste minimisation

Key requirements for this role include:

- Mechanical trade qualification / Trade Certificate
- Experience in similar position is of value but not a precondition of employment
- Ability to interpret engineering drawings
- Ability to work independently and as part of a team
- Good oral and written communication skills
- Good interpersonal and organisational skills
- Excellent attitude and commitment to safety
- Computer literate
- Current WA Driver's License
- Pre-Employment Medical (Incl. D&A)
- National Police Clearance

A successful applicant will need to show diligence in his work and respect to all personnel and clients and be willing to perform occasional short-term work on remote mine sites for shutdowns or installations.

Interested? Then we look forward to receiving your completed application with information on your starting date and your salary expectations. International applications are very welcome. Koeppern will support in all aspects from trial working period through relocation and onboarding in Australia and at Koeppern.
